

SEGP Group 1

MILESTONE 2 – Tickets #138 & #146

5th May 2008

AE/FL/GS/XC

SEGP Group 1

Ticket #138

Radial and Treemap views when combined with filters have very long running queries

- Treemap view not applicable
- Existing optimisation (r1004)

SEGP Group 1

Ticket #146

Run daemon_test.rb continuously on trunk code

- Additional testing stage for developers
- Resource requirements to determine installation option

SEGP Group 1

End
