Agenda for meeting on 9th September, 2008 at 1300 hours

Attendees: Mohammad, Jian Huang, Keane, Fil, Ida, Xiaodong, David Hemer, Jiang Li & Ken S'ng Wong

Contents:

1. Milestone 5 Postmortem
   - What we did right?
     - Plenty of communication through the Google groups.
     - Tasks segmentation size was right: the 3 pillars of plugins.
     - Group's attention are focused.
   - What needs to be improved?
     - Personal goals and doubts on expectations need to be communicated well.

2. Plan for Sprint 6
   - Task 1: Finish off the 3rd pillar of plugins: deployment (Lead by Ida).
   - Task 2: Create plugins and apply what we have done in Sprint 5 on them (individual).
   - Task 3: Front-end plugins union. (Lead by Cui Xiaodong)

3. Recognitions
   - Ken to everyone in the group for making M5 the most productive and collaborative sprint so far in this project.

4. Opens
